R VIDHYA RAJ

+91 9150367323 | vidhyaraj0497@gmail.com | LinkedIn | GitHub | Portfolio

PROFILE

Pre-final year Computer Science student skilled in Java and Web Development. Dedicated to building innovative solutions for real-world challenges while collaborating effectively in team environments.

EDUCATION

Easwari Engineering College
Bachelor of Engineering in Computer Science and Design | CGPA: 9.05/10

EXPERIENCE

AICTE–1M1B Green Internship | One Million For One Billion Nov 2025 – Jan 2026

- Contributed to the development of an innovative sustainability-focused solution in a collaborative environment.
- Created Tableau dashboards to analyze user feedback and generate meaningful insights.

Cisco Boost 6.0 Program

- Successfully completed a 45-day internship through the Cisco Boost 6.0 Program.

Research Intern | Microchip Centre of Excellence

- Worked as a research intern under the Microchip Centre of Excellence, gaining exposure to a research-oriented environment.

PROJECTS

Smart Food Freshness Monitoring System | Patent Filed
Tech Stack: IoT, Embedded Systems, Tinkercad, Sensors

- Developed an IoT-based food freshness monitoring system to reduce food waste and improve food safety.
- Integrated sensors and intelligent monitoring techniques for real-time freshness analysis.

IntelliNav – Intelligent Navigation System | Patent Filed
Tech Stack: Python, ROS, SLAM, LiDAR

- Developed an intelligent navigation system for optimized route planning and real-time navigation assistance.
- Implemented efficient pathfinding and location-based features to enhance the user experience.

MedScan AI – AI-Powered Medical Report & Prescription Analyzer
Tech Stack: OCR, Google Gemini API, PWA

- Developed an AI-powered healthcare application that simplifies medical reports, prescriptions, and medicine information into easy-to-understand insights.
- Integrated OCR-based document and image scanning with AI-powered analysis to extract and explain relevant medical information.

SKILLS

Programming Languages: Java
Web Technologies: HTML5, CSS, JavaScript, React
Core Subjects: Data Structures & Algorithms, Object-Oriented Programming, Computer Networks, DBMS, Problem Solving
Tools: Git, GitHub, VS Code, AI Tools

CERTIFICATIONS

AWS: AWS Certified Cloud Practitioner, AWS Certified Generative AI Practitioner
NPTEL: Introduction to IoT, Introduction to Industry 4.0 and Industrial IoT
Cisco: Network Defense
MongoDB: AI with Data Strategy

ACHIEVEMENTS

- Filed a patent for the Smart Food Freshness Monitoring System (Application No. 202541119801).
- Filed a patent for the IntelliNav (Application No. 202641109033A).
- Received an Outstanding Performance Appreciation at the Shelix Hackathon, Sathyabama, conducted in association with TN Auto Skills.
- Secured 2nd Runner-Up in the Origin Hackathon, SIMATS.

ACTIVITIES

- Fortis Club – Associate Technical Head (6 months), currently Technical Head | Easwari Engineering College
- Youth Red Cross Club Member | Easwari Engineering College
